Storage Bins

Mobile and adjustable container widgets that support object storing, organizing, and sharing.

RNT Objects

Combining rotation, translation, and tossing of objects in one fluid gesture.

Sticky Notes

Allow for the quick annotation of objects by hand.
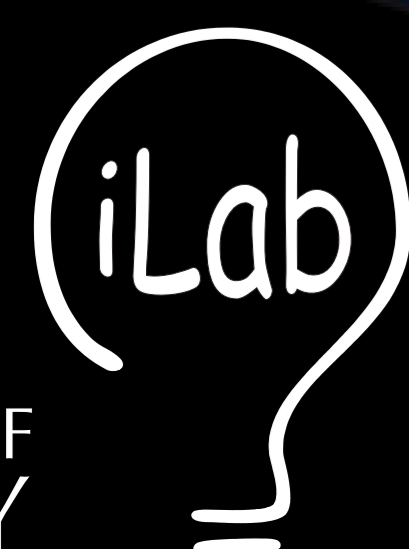

VACATION PICTURES 2006

Sticky Boards

Enable users to organize objects collage-like while still allowing for resizing and reorienting.

Interface Currents

Mobile, adjustable container widgets that provide an ongoing flow, causing objects to float continuously within flexible boundaries.
